		Actual Dimension	3645 X 1371.60 mm

Q&A - Before Assembling Multi-Touch Wall

Q1: What's included in driver CD?

A: We provide a Driver CD with our product, which includes:

1	Documentation	PackingSlip.pdf / DisassemblyGuide.pdf
2	Assembly Guide Video	PQ Touch Screen G4P Installation Guide.flv Also available on YouTube: http://youtu.be/HZQY5fbmqng
3	Multi-Touch Driver	For Windows/Mac OS X/Linux
4	Demo Software	PQDemoLauncher.zip / GoogleEarthSetup.exe / JetEngine.exe

Q2: What do I need to know before assembling product?

A: Please keep installation surface flat, and follow the Assembly Guide Video to get started.

Q3: What if I need extend my USB cable?

A: It would be highly recommended to employ our original USB cable to ensure digital signal transmitted correctly.
 If the original 1.8 meter USB cable not long enough, we also provide a 5 meters USB extender with the package:

Please note the end with "TO PC" label needs to connect to computer.

If you need USB cable longer than (1.8+5) meters, please purchase anyone of PQ Labs recommended extender listed below:

- [UNITEK Active Extension Cable Y-262 \(up to 20 meters\);](#)
- [Icron USB 2.0 Ranger 2304 with Cat 5e cables \(up to 100 meters\);](#)

For more information, please refer to PQ Labs official site: <http://www.pqlabs.com/usb-extender.html>
